## EU4Health: Una Nuova Sanità in Risposta alle Future Pandemie

Il Programma EU4Health rappresenta il nuovo programma della Commissione Europea per un nuovo sistema europeo post- COVID-19, con un finanziamento senza precedenti di **5,1 miliardi di euro**.

Attraverso programmi di lavoro annuali supporta una serie di azioni raggruppate sotto quattro principali indirizzi:

- **Promozione della Salute e Prevenzione**
- **Preparazione alle Crisi Sanitarie**
- **Sistemi e Personale Sanitario**
- **Transizione Digitale**

Enti di ricerca, Organizzazioni Sanitarie e ONG sono tutti enti eleggibili per i piani di finanziamento del programma.

### Sinergie con altri piani di finanziamento:

- [European Social Fund Plus](#) (ESF+), per il supporto di gruppi vulnerabili nell'accedere alle cure sanitarie
- [European Regional and Development Fund](#), per il potenziamento delle infrastrutture sanitarie regionali
- [Horizon Europe](#) (Cluster Health)
- [Union Civil Protection Mechanism/rescEU](#), per creare scorte di forniture mediche di emergenza
- [Digital Europe](#) and [Connecting Europe Facility](#), per creare l'infrastruttura digitale necessaria

## HORIZON EUROPE | Tipologie di finanziamento

### Research and Innovation Actions (RIA)

- Activities that aim to create new knowledge and/or explore the feasibility of a new or improved technology, product, process, service or solution. They therefore include **basic and applied research**, development and integration of technology, testing, demonstration and validation on a small-scale prototype, in a laboratory or simulated environment.

### Innovation Actions (IA)

- Activities aimed at plan and design new, altered or improved products, processes or services, possibly including **prototyping, testing, demonstration, piloting, large-scale product validation and market replication**.

### Coordination and Support Actions (CSA)

- Activities which contribute to the objectives of the program and which are **not research and innovation activities** in the strict sense.

#ForumRisk19

[!] Entities from non-associated third countries are not eligible to participate in CSA (with the notable exception of topics where this is explicitly foreseen in the eligibility criteria of the specific call as stated in the work programme).

#### Innovative Health Initiative

What are the objectives, expected impacts and scope?

##### Partnership:

EU and health related industries (such as pharmaceuticals, diagnostics, medical devices, imaging, biotech and digital industries) • European collaborative platform for precompetitive and integrative R&I.

##### Overall objective:

Accelerate the development of safer and more effective innovative healthcare interventions that respond to unmet public health needs, and that can be taken up by healthcare systems.

##### Specific objectives:

- Facilitate technology integration to: progress disease understanding; enable the delivery of innovative health products and services; enable the combination of innovations along the healthcare pathway; overcome barriers to digitalisation, via standards, interoperability, etc.
- Contribute to methodologies for better assessing the value of innovative interventions.

##### Expected impacts:

- Contribute to the sustainability of the healthcare systems
- Faster time-to-market for innovative products
- New business models
- Incentive for industry to invest in unmet public health needs
- Facilitate the delivery of cost-effective interventions
- Improved health outcomes
- Cross-sectoral industry collaborations.

## Scopi e obiettivi

**4 obiettivi chiave :**

- *comprendere il cancro e i suoi fattori di rischio*
- *prevenire ciò che si può prevenire*
- *ottimizzare diagnosi e trattamenti*
- *sostenere la qualità di vita delle persone con e dopo il cancro, garantendo un accesso equo*

## Principali strumenti

Progetto per la piattaforma UNCAN.eu (a partire dal 2022): finalizzato a creare hub europeo per i dati per i dati sulla ricerca sul cancro e a generare una serie di casi d'uso che affrontino le principali sfide della ricerca sul cancro

Progetto sul Centro digitale per i pazienti oncologici (2023)

Rete di Infrastrutture oncologiche (2022- 2023)

Azioni di R&I nell'ambito di ciascuno dei quattro obiettivi della missione

Sinergie (= cooperazione tra la Missione Cancro e altre iniziative a livello UE, nazionale, regionale e locale)

Obiettivo principale: contribuire a **migliorare la vita di oltre 3 milioni di persone entro il 2030** attraverso la prevenzione e la cura sia per le persone direttamente colpite dal cancro sia per le loro famiglie.
